The trains arrive and depart with accustomed regularity. No dangerous-looking crowds lurk about the depots; no trains are uncoupled; no

freights are interfered with; passengers go

and come in confidence and safety, and no

sign of uneasiness appears. From Huntington to Richmond, from Richmond to Atlanta, and from every other direction south of the Potomac, comes the cheerful response to inquiries, "All quiet along our lines." Nobody is to be found expressing sympathy with those in insurrection against the lawful authorities. The general belief is that the worst elements of society, not actual railroad men, are doing or have done the mischief which has brought such shame and destruction upon some of the cities.

Anyhow, such things would be impossi ole in Richmond. Not even the colored people would countenance disorder that would bring disgrace upon our fair name. While other cities are garrisoned by troops or defended by large bands of special constables our police force finds itself almost without active employment. Though vigilant as ever, only three or four arrests were made by them yesterday, and the offences charged were of no magnitude. Indeed, the people of all classes are trying to see how well they can behave. The peaceful aspect of our streets last night-women and children promenading the pavements in front of their premises, groups seated in their porches, and thousands in front yards and on door-steps, and everywhere fresh air was to be obtained-gave striking evidence of the peace which reigned within

The railroad complications north of us vill probably prove of benefit to our trade. Freights moving in this direction are unbles. The travel to the mountains is uninterrupted, and business is going along smoothly and well.

The prospects are good and daily improving. All rumors of strikes will continue to be discountenanced by good citizens. In this excessively hot weather it is difficult enough o keep anyways comfortable, and any exciting cause unnecessarily added is to be condemned.

PERSONAL .- The Governor has written that he would return to Richmond on Friday from Madison. General Rogers, Second Auditor, left the

ity last night for the mountains and his old home in Loudoun. Dr. I. A. Mayo, of Bremo, Lower James, is stopping at Ford's Hotel for a few days to recruit his health prior to his departure for the Hot Springs.

the Virginia Press Association will be held in this city at 11 o'clock A. M. August 8th. The principal business will be the election of a secretary to succeed Mr. John Græme, resigned. Mr. W. Plumer Gretter is secretary ad interim.

THA MOZART THIS EVENING .- Notwithstanding the warm weather and the "strikes," the Mozart Association will present this evening the usually attractive weekly programme. The orchestra will perform the overtures "Italian in Algiers," and "Zampa," and the "Delaware waltzes, by Gungl. Mr. Louis Voelker will make his debut before the Association as a soloist on the violin, when he will render a brilliant and difficult piece, with variations, "Le Desir." In the way of vocal music, Mr. Marion J. Dimmock will sing two selections-no doubt in his usual good taste and expression.

THE EXCURSIONISTS .- The party of excursionists, numbering four hundred, which left Tuesday for Old Point, the Capes, and Norfolk, returned to the city safe and sound vesterday evening. Their sail on the river and out to the Capes was highly pleasant, but upon returning to Old Point for lodgings Tuesday night they found that there were none to be had. It was hoped, however, that accommodations could be secured at Norfolk. A number of ladies were pro vided with rooms at the Atlantic Hotel, Norfolk, but quite many who were not so fortunate returned to the boat, and, with their escorts, sat up all night.

POLICE COURT, YESTERDAY-Justice Joseph J. White presiding .- John Hampden hamberlayne and Richard E. Frayser were charged on warrant sworn out by Captain T. B. White, of the Second police district, with fighting in the State office, and he (White) feared that there will be a further breakage of the peace. The Justice being assured by the parties that there would be no further disturbance, Captain Chamberlayne was discharged and Captain Frayser was fined \$10 for assault. The difficulty grew out of the State's comments on the Whig's article in relation to an expected

strike of railroad employes here. Henry Johnson (colored), a huckster in the Second Market, guilty of stealing one pistol from the market-cart of William Phillips, was sent to jail for thirty days. He appealed from the decision. Catherine Schmidt was fined \$2.50 for

being disorderly. Isham Dority (colored), charged with tearing down a fence of Robert Johnson.

Case was continued until to-day. SAMPLE-MAN ARRESTED .- Sergeant Dan. Wren yesterday arrested G. A. McLellan, charged with selling shoes by sample without license. Acting Police-Justice Crutchfield tried the case at the Second stationhouse, and discharged accused.

19th instant the Russians sustained a severe check, if not an actual defeat, at Pleuina. General Schillder, with a portion of the Ninth corps, consisting of an infantry MUTUAL ASSURANCE SOCIETY brigade, with cavalry and artillery, was sent against the place, and seems to have approached it in a slovenly manner. The Turks took the offensive, and repulsed the

Russians with heavy loss. The bombardment of Rustchuk from Gurrgova has recommenced. When the hombardment from the Bulgarian side will begin it is difficult to say. A siege train is on its way, but it crosses

at Simnitza, which is a fearful way around, and supplies are difficult to obtain, as the base of the whole force now in Bulgaria is still at Simnitza. The headquarters of the Grand Duke Nicholas remain in Terrova, the Czarowitch headquarters are at Abcatua, and the Czar, with his suit, is at Biela. The health of the army is good. General Bussey, of New Orleans, was

elected president of the Convention. REPORTED DEFEAT OF RUSSIANS SUSTAINED-ESTIMATE OF LOSS. LONDON, July 25 .- A Russian official dispatch form Tirnova, conceding the defeat at Pleuna, gives the Russian loss at 2 colonels

and 14 inferior officers killed, and 1 general and 36 other inferior officers wounded, and 1,874 men placed hors du combat. General Schilder has returned to Biela road.
